OFF SCHOOL MEANS Y FUN!

Y Activities • Carnegie Science Center

Off school? The Davis Family YMCA **Day Camp Off School program** is a fun and unique experience that gives children the opportunity to discover their full potential, meet new friends, play and create memories that last a lifetime! Be sure your camper brings a swimsuit, towel, and a big lunch to give them plenty of energy for the day! Drop offs will be in our Rec Center.

On the days the campers will be at Davis, there will be gym activities, camp crafts, swim time and plenty of opportunities to use our wonderful facility! On the days we have field trips, campers will have the opportunity to explore different facilities to learn and have fun while being surrounded by well qualified and trained counselors to ensure their safety every step of the way.
